Step 1: **Download the "VMware player" from the link shown above and install it.**
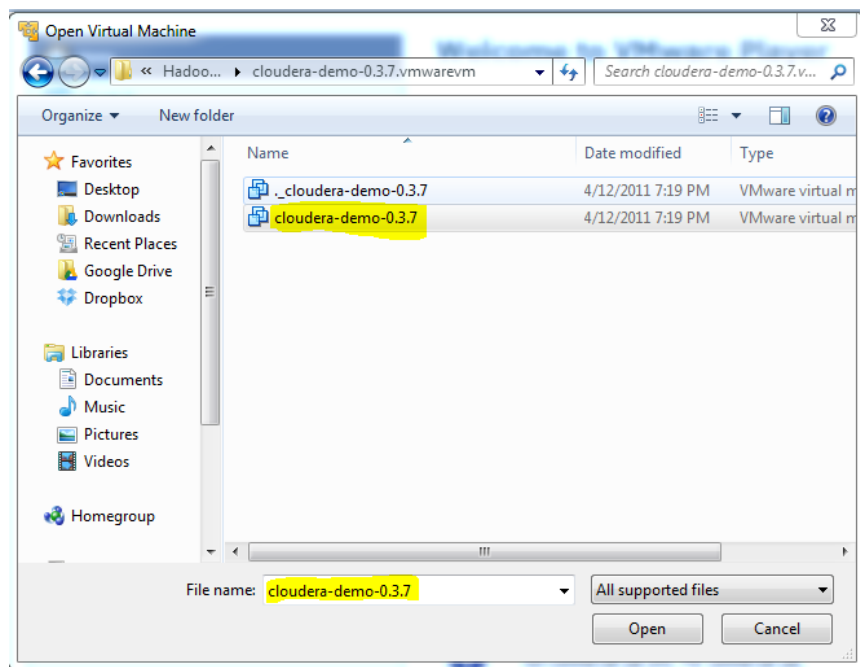

Step 3: Download the "Cloudera Setup File" from the links shown above and extract that zipped file on your hard drive.
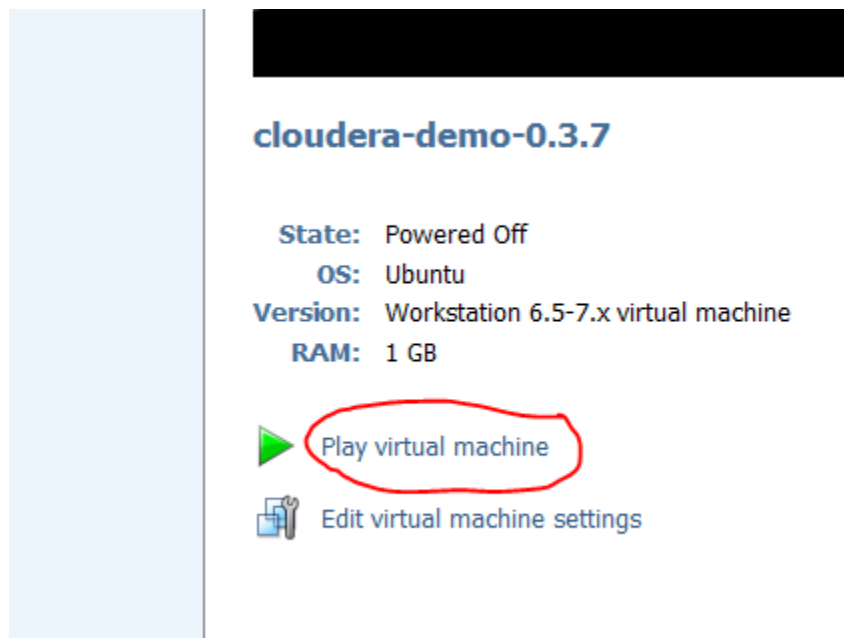

Start VMPlayer and click open a Virtual Machine.
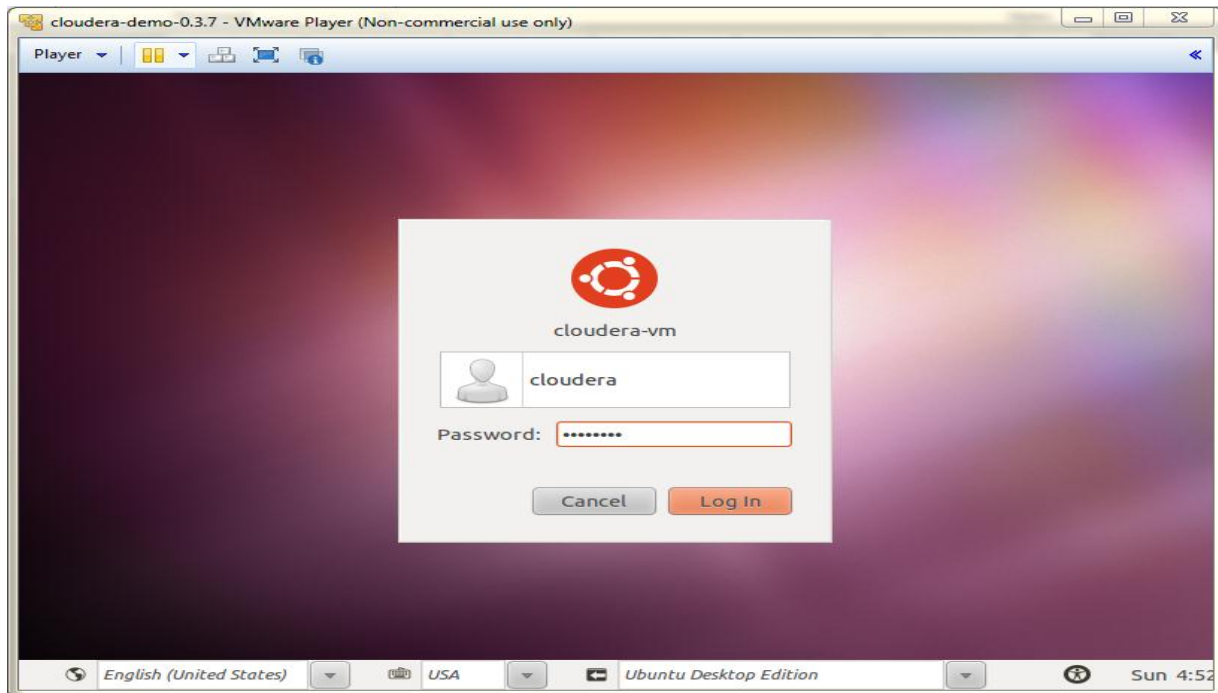

edureka!

Browse the extracted folder.

Click on play virtual machine.

edureka!

Login as:
a. Username - cloudera
b. Password - cloudera

Step 4: **Download the list of Hadoop commands for reference from the following link:** http://hadoop.apache.org/docs/r1.0.4/commands_manual.pdf

Don't be afraid of this file, all important Hadoop commands will be explained in the class.
